
Akar Capital Management, Inc.
Business Continuity Plan (BCP)

I. Emergency Contact Persons

Our firm's emergency contact person is: Emil Akar, (954)608-0444, Emil@akarcapital.com. The name will be updated in the event of a material change, and our Executive Representative will review them within 17 business days of the end of each quarter.

Rule: NASD Rule 3520.

II. Firm Policy

Our firm's policy is to respond to a Significant Business Disruption (SBD) by safeguarding employees' lives and firm property, making a financial and operational assessment, quickly recovering and resuming operations, protecting all of the firm's books and records, and allowing our customers to transact business. In the event that we determine we are unable to continue our business, we will assure customers prompt access to their funds and securities.

A. Significant Business Disruptions (SBDs)

Our plan anticipates two kinds of SBDs, internal and external. Internal SBDs affect only our firm's ability to communicate and do business, such as a fire in our building. External SBDs prevent the operation of the securities markets or a number of firms, such as a terrorist attack, a city flood, or a wide-scale, regional disruption. Our response to an external SBD relies more heavily on other organizations and systems, especially on the capabilities of our clearing firm.

B. Approval and Execution Authority

Emil Akar, President, a registered principal, is responsible for approving the plan and for conducting the required annual review. Emil Akar, President has the authority to execute this BCP.

C. Plan Location and Access

Our firm will maintain copies of its BCP plan and the annual reviews, and the changes that have been made to it for inspection. An electronic copy of our plan is located on our website at www.akarcapital.com.

III. Business Description

Our firm conducts business in equity, fixed income, and mutual funds. Our firm is an introducing firm and does not perform any type of clearing function for itself or others. Furthermore, we do not hold customer funds or securities. We accept and enter orders. If none of our home-office locations is available to receive those staff, we will move them to an out of town location that we may conduct our business to the best of our ability under the circumstances. To reach us our clients should use our main phone number and leave a message or use the above referenced alternative phone number.

Rule: NASD Rule 3510(c)(6).

VI. Customers' Access to Funds and Securities

Our firm does not maintain custody of customers' funds or securities, which are maintained at our clearing firm, INTL FCStone Financial, Inc.. In the event of an internal or external SBD, if telephone service is available, our registered persons will take customer orders or instructions and contact our clearing firm on their behalf, and if our Web access is available, our firm will post on our Web site that customers may access their funds and securities by contacting Don Exner at INTL FCStone Financial, Inc..

If SIPC determines that we are unable to meet our obligations to our customers or if our liabilities exceed our assets in violation of Securities Exchange Act Rule 15c3-1, SIPC may seek to appoint a trustee to disburse our assets to customers. We will assist SIPC and the trustee by providing our books and records identifying customer accounts subject to SIPC regulation.

For the loss of electronic records, we will either physically recover the storage media or electronically recover data from our back-up site, or, if our primary site is inoperable, continue operations from our back-up site or an alternate location.

Rule: NASD Rule 3510(c)(1).

VIII. Financial and Operational Assessments

Operational Risk

In the event of an SBD, we will immediately identify what means will permit us to communicate with our customers, employees, critical business constituents, critical banks, critical counter-parties, and regulators. Although the effects of an SBD will determine the means of alternative communication, the communications options we will employ will include our website, telephone voice mail, cellular phones, and secure e-mail. In addition, we will retrieve our key activity records as described in the section above, Data Back-Up and Recovery (Hard Copy and Electronic).

Rules: NASD Rules 3510(c)(3) & (f)(2).

A. Financial and Credit Risk

In the event of an SBD, we will determine the value and liquidity of our investments and other assets to evaluate our ability to continue to fund our operations and remain in capital compliance. We will contact our clearing firm, critical banks, and investors to apprise them of our financial status. If we determine that we may be unable to meet our obligations to those counter-parties or otherwise continue to fund our operations, we will request additional financing from our bank or other credit sources to fulfill our obligations to our customers and clients. If we cannot remedy a capital deficiency, we will file appropriate notices with our regulators and immediately take appropriate steps to infuse money into the business.

Rules: NASD Rules 3510(c)(3), (c)(8) & (f)(2).

IX. Mission Critical Systems

Our firm's "mission critical systems" are those that ensure prompt and accurate processing of securities transactions, including order taking, entry, execution, comparison, allocation, clearance and settlement of securities transactions, the maintenance of customer accounts, access to customer accounts, and the delivery of funds and securities. More specifically, these systems include: INTL FCStone Financial, Inc.s AOM system.

We have primary responsibility for establishing and maintaining our business relationships with our customers and have sole responsibility for our mission-critical functions of order taking, entry and execution. Our clearing firm provides, through contract, the execution, comparison, allocation, clearance and settlement of securities transactions, the maintenance of customer accounts, access to customer accounts, and the delivery of funds and securities.

Our clearing firm contract provides that our clearing firm will maintain a business continuity plan and the capacity to execute that plan. Our clearing firm represents that it will advise us of any material changes to its plan that might affect our ability to maintain our business and presented us with an executive summary of its plan. In the event our clearing firm executes its plan, it represents that it will notify us of such execution and provide us equal access to services as its other customers. If we reasonably determine that our clearing firm has not or cannot put its plan in place quickly enough to meet our needs, or is otherwise unable to provide access to such services, our clearing firm represents that it will assist us in seeking services from an alternative source.

Our clearing firm represents that it backs up our records at a remote site. Our clearing firm represents that it operates a back-up operating facility in a geographically separate area with the capability to conduct the same volume of business as its primary site. Our clearing firm has also confirmed the effectiveness of its back-up arrangements to recover

from a wide scale disruption by testing, and it has confirmed that it tests its back-up arrangements periodically.

Recovery-time objectives provide concrete goals to plan for and test against. They are not, however, hard and fast deadlines that must be met in every emergency situation, and various external factors surrounding a disruption, such as time of day, scope of disruption, and status of critical infrastructure—particularly telecommunications—can affect actual recovery times. Recovery refers to the restoration of clearing and settlement activities after a wide-scale disruption; resumption refers to the capacity to accept and process new transactions and payments after a wide-scale disruption. Our clearing firm has the following SBD recovery time and resumption objectives: depending on level of the SBD recovery time could be from instantaneous to within 4 hours.

A. Our Firm's Mission Critical Systems

1. Order Taking

Currently, our firm receives orders from customers via telephone, fax, e-mail, or in person visits by the customer. During an SBD, either internal or external, we will continue to take orders through any of these methods that are available and reliable, and in addition, as communications permit, we will inform our customers when communications become available to tell them what alternatives they have to send their orders to us. Customers will be informed of alternatives by personal phone calls, Voice message left on our phone system, and by use of our website. If necessary, we will advise our customers to place orders directly with our clearing firm.

2. Order Entry

Currently, our firm enters orders by recording them on paper and electronically and sending them to our clearing firm electronically or telephonically. Alternatively, we place customer orders directly to INTL FCStone Financial, Inc. Trading Desk telephonically.

In the event of an internal SBD, we will enter and send records to our clearing firm by the fastest alternative means available, which include telephonically. In the event of an external SBD, we will maintain the order in electronic or paper format, and deliver the order to the clearing firm by the fastest means available when it resumes operations. In addition, during an internal SBD, we may need to refer our customers to deal directly with our clearing firm for order entry.

3. Order Execution

We currently do not execute orders. All orders are executed by INTL FCStone Financial, Inc. In the event of an internal SBD, we would follow the execution procedures set forth

by INTL FCStone Financial, Inc. In the event of an external SBD, we would also follow the execution procedures set forth by INTL FCStone Financial, Inc.

For example, if we have communicated with a party by e-mail but the Internet is unavailable, we will call them on the telephone and follow up where a record is needed with paper copy in the U.S. mail.

Rule: NASD Rule 3510(c)(4).

B. Employees

We now communicate with our employees using the telephone, e-mail, and in person. We will also employ a call tree so that senior management can reach all employees quickly during an SBD. The call tree includes all staff home and office phone numbers. We have identified persons, noted below, who live near each other and may reach each other in person:

The person to invoke use of the call tree is: Emil Akar

Caller	Call Recipients

XI. Critical Business Constituents, Banks, and Counter-Parties

A. Business constituents

We have contacted our critical business constituents (businesses with which we have an ongoing commercial relationship in support of our operating activities, such as vendors providing us critical services), and determined the extent to which we can continue our business relationship with them in light of the internal or external SBD. We will quickly establish alternative arrangements if a business constituent can no longer provide the needed goods or services when we need them because of a SBD to them or our firm. Additionally, if needed we will attempt to enter into a supplemental contract with certain critical business constituents to provide such services.

Rules: NASD Rule 3510(c)(7).

B. Banks

The operation and continuity of our firm's business does not rely on our relationship with our bank.

Rules: NASD Rule 3510(c)(7).

C. Counter-Parties

The operation and continuity of our business does not depend on any relationships with any other broker-dealers or market makers therefore we carry no such relationships. Our relationship with our clearing firm INTL FCStone Financial, Inc. and business continuity therein is addressed above.

Rules: NASD Rules 3510(a) &(c)(7).

XII. Regulatory Reporting

Our firm is subject to regulation by: SEC, FINRA, and the State of Florida. We now file reports with our regulators using paper copies in the U.S. mail, and electronically using fax, e-mail, and the Internet. In the event of an SBD, we will check with the SEC, NASD, and other regulators to determine which means of filing are still available to us, and use the means closest in speed and form (written or oral) to our previous filing method. In the event that we cannot contact our regulators, we will continue to file required reports using the communication means available to us.

Rule: NASD Rule 3510(c)(8).

XIII. Disclosure of Business Continuity Plan

Our firm will update this plan whenever we have a material change to our operations, structure, business or location or to those of our clearing firm. Rule: NASD Rule 3510(b).

XV. Senior Manager Approval
